

**During the first decade of our freedom,
the ANC has worked together with all
South Africans to build a better life.**

Only the ANC

has the vision, policies
and programmes to
create work and fight poverty.

Only the ANC has
the experience, capacity and
possibility to unite South Africans
in a people's contract to build
a better nation for all.

**African
National
Congress**

ANC

Vote ANC on 14 April because, together with you, the ANC will:

- **CREATE WORK** through a growing economy and expanded public works programme;
- **FIGHT POVERTY** by expanding access to social grants, water, sanitation, housing and electricity;
- **DEVELOP SKILLS** through learnerships, greater assistance to youth agencies like Umsobomvu, and ensuring better access for all to quality education;
- **BUILD SAFER COMMUNITIES** by deploying more than 150,000 police in active duty, strengthening the prosecution system, and set up additional special courts;
- **BUILD A HEALTHY NATION** with programmes to defeat malnutrition, TB, malaria and other diseases and turn the tide against HIV and AIDS;
- **ENSURE BETTER GOVERNMENT** by improving contact between government and the people and increasing access for all citizens to government information;
- **CREATE A BETTER AFRICA AND WORLD** by working with other countries towards true democracy, peace and economic growth in Africa.

Let us build a people's contract to create work and fight poverty. Because together we can and will do more.

VOTE ANC ON APRIL 14

A better life for all
